标识编号 Logo ID	产品名称 Products Name	产品描述 Product Description
02-C-001663	CE 8850-32CQ-EI, CE 8860-4C-EI	Huawei CloudEngine 8800 series (CE8800) switches are 100G Ethernet switches designed for data centers and high-end campus networks. The switches provide high-performance, high-density 100GE/40GE/25GE/10GE ports, and low latency. Using the Huawei VRP8 software platform, CE8800 switches provide extensive data center service features and high stacking capability. In addition, the airflow direction (front-to-back or back-to-front) can be changed. CE8800 switches can work with CE12800/CE8800/CE6800/CE5800 switches to build an elastic, virtualized, high-quality fabric that meets the requirements of cloud-computing data centers.

Note: The Logo ID is assigned to the product list above, only the products name exactly matching the specified words is valid.
